ORDER APPLYING PRIORITY DATE FOR
MOLINO DITCH TO INDIVIDUAL SUBFILES

In the May 13, 2002 Memorandum Opinion and Order (Docket No. 3026), the Court clarified procedures for determining subfile priority dates and stated that acequia-wide priority dates are to be applied to the water rights they serve. Each claimant has had an opportunity to prove an earlier priority date during the subfile phase and objectors will have the opportunity to prove later priority dates during the *inter se* phase. (No. 3026) On November 18, 2005, the Court entered a Memorandum Opinion and Order (No. 4701) that adopted a priority date of 1800 for the Molino Ditch.

This Order applies the priority date adopted for the Molino Ditch to each subfile irrigation water right it serves. The acequia-wide priority date does not apply to supplemental irrigation wells or springs, nor does it apply to individual subfile water rights previously denied by the Court. All water right claims denied have a priority date of "None." Subfile priority dates are listed in Exhibit A attached to this Order.

It is therefore ordered that the 1800 priority date adopted for Molino Ditch is applied to individual subfile water rights as set forth in Exhibit A.
